REASONS TO ADVERTISE WITH GO LOCAL:

LONGEVITY

Go Local guides stay relevant all season. Since we publish biannually, your advertising investment stays active in print and online for over six months per issue. A magazine left in a coffee shop, hotel lobby, or waiting room will be read by countless consumers for months.

COST-EFFECTIVE

Compare our pricing. With a longer shelf-life and affordable pricing, we offer one of the most cost-effective ways to advertise to your local community and visiting tourists.

DISTRIBUTION & VISIBILITY

Print issues are distributed to over 150 public venues and places of business throughout the valley, including three locations at Glacier International Airport. In addition to print distribution, Go Local is published in its entirety online. Our sharable web version includes embedded hyperlinks to advertisers' websites, social media profiles, and promotions.

CREDIBILITY

In print since 2009, Go Local continues to be the most respected publication devoted to building a sense of community among local businesses and consumers.

Click-through links on our online Go Local editions don't just generate leads, they increase your web presence and boost your search engine results.

TARGETED MARKETING

Advertise smarter and spend less. When you target your audience, you can generate more business with a smaller investment! Go Local serves as an important hub where consumers can learn about the unique services, businesses, and events in the Flathead. You will get your ad in front of a passionate crowd that is already interested in who you are and what you have to offer.
